Atlas Master® RSD-4 & RSD-5

To add a SoundTraxx Tsunami2 Digital Sound Decoder to your non-sound RSD-4 or RSD-5 model (announced in March 2005), you'll want to install a TSU-PNP ALCO decoder.

If you have an RSD-4 or RSD-5 model without sound that you would like to upgrade, purchase SoundTraxx P.N. 885015. This board is designed to simply replace the factory PCB that supplies power to the locomotive. **This installation may take upward of three hours with multiple modifications required to the model!**

Tsunami2™ The Sound Upgrade

SoundTraxx Sound Decoder
SoundTraxx Speakers
SoundTraxx Accessories

TSU-PNP, P.N. 885015 \$110.95
16 x 35mm Oval Speaker, P.N. 810113 \$14.95
